**Child Friendly Safeguarding  
Leaflet**

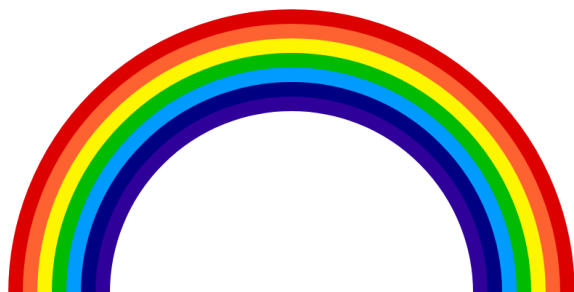

Anybody who works at our school will be checked by the DBS to make sure that they are safe to work with children.

Our school has an inventory system. Other adults that visit have to sign in and wear lanyards and visitor's badges.

Our school teaches us how to keep ourselves safe.

Our lessons include: healthy eating, anti-bullying, online safety, road safety, the PANTS rule and how to report abuse/concerns if we are worried about our safety. We have rules to keep us safe because they help us to look after each other.

We have security cameras, walls, gates and fences so that people can't just come in. Doors are locked to stop people coming in.

**Parents are the most important people to keep us safe. They should:**

- Talk to school if they need help or support.
- Let school know if I have a medical condition or if I am off school sick.
- Let school know if there is any changes for me, such as moving house, a new phone number or someone different looking after me.
- Let school know who will be dropping me off and picking me up and if there are any changes to my emergency contacts

**What should I do....**

Tell an adult if I am worried about anything.

Tell an adult if I don't feel safe or feel uncomfortable in some situations.

Tell an adult if I have an injury that wasn't an accident or if I am hurt.

Keep all messages to show the right people if I have had problems online.
